Allow me a moment of your time to introduce you to Valley Foods, Inc. We are a family-owned business out of Youngstown, Ohio. We have been an Ohio Corporation for over 50 years. In that time our business focus has been geared toward the manufacturing and delivery of foods to institutions such as schools and Senior meal services.

In 1995, we began a pilot program with 13 or so units of the Ohio National Guard. That program was so successful that it was expanded to the entire State in 1996. In August of 1998, we began serving the units that train at Fort Indiantown Gap for the Pennsylvania Army National Guard and some Army Reserve units that are located close to Fort Indiantown Gap. In January of 1999, we began delivery of rations to all the units at home station throughout Pennsylvania for the Army National Guard. Later that year we were fortunate to obtain the contract to serve the units of the Virginia Army National Guard and others at Fort Pickett and throughout the State. In 2008 we began serving the Kansas Army National Guard out of our new facility in Topeka. And in 2015 we started serving the Maryland Army National Guard out of Fort Indiantown Gap and the Indiana National Guard from our facility in Indianapolis.

We look forward to serving you. You will find out that we pride ourselves on customer service. Our people are trained to serve you and provide the soldiers with the finest foods, delivered or issued with speed and accuracy. Our objective is to exceed your expectations. If we can assist you in anyway, please feel free to call our General Manager, Donny Ortz.

The following is a booklet of the revised 14-day menu with issue factors, along with a revised condiment list specifically designed for the PAARNG. This booklet is a guideline as to what will be issued with each meal ordered. These are the result of the Food Service Management Board meeting held last.

A-RATION MENUS

There are minor changes made to the A-Ration menus to enhance the quality, variety, and/or nutritional value of the meals. In addition, some quantities of items like bread and milk were changed to reduce waste.

RAPIDLY PREPARED MEALS

These meals are options to be utilized when staff or facilities are not available to produce an A-Ration meal. They can be found under the “special meals” section of the booklet.

GENERAL CHANGES AND IMPROVEMENTS THROUGHOUT

At the request of the Food Service Management Board, we have made several changes in the meals throughout the menus. These have been done to add variety, eliminate waste and general enhancement to the Soldiers. We have also incorporated the Army's Go for Green Program within the menu.

We are committed to serve you. However, we are not authorized to provide services beyond the scope of our commitment to the PAARNG. Your approving authority must process all ration and/or special requests. As we have in the past, we will continue to work with the Food Service Management Board and others, to further enhance our services. Any input from you will be appreciated.

We look forward to the challenge and we thank you for giving us the opportunity to serve those who serve for us.

Sincerely,

Donny Ortiz

***** On a 350 degree, pre-heated, lightly oiled grill, heat steak and begin to separate or shred by holding down with the spatula in your left hand and pulling apart with another spatula in your right hand. Separate or shred to desired consistency and be sure to heat thoroughly. As steak heats, blend cheese if desired. To ensure safety, heat all steak products to a minimum 165 degrees internal temperature prior to serving.**
